OBJECTIVE To apply my people skills in making the ARCH community the best it can be.

EDUCATION *B.E - Computer Science and Engineering* August 2012 - May 2016
PES Institute of Technology, Bangalore, India
Recipient of the "M. R. Doreswamy scholarship for academic excellence"

M.S - Computer Science September 2016 - 2018
University of California, San Diego

LEADERSHIP POSITIONS *Headed the Public Relations Team of the PES Entrepreneurship Cell where my responsibilities were:*

- Fostering relationships with the startup community which involved entrepreneurs, Venture Capitalists and heads of major incubators and accelerators.
- Raising over half a million INR funding from the startup community for major ECell events including the yearly flagship event "Endevour" and for the ECell Seed fund for startup ventures that grow from the student community at PESIT
- Arranging speakers from the startup community for ECell workshops/talks
- Marketing ECell events/workshops/talks withing the student community at PESIT

Headed the PR Team of the Ayana, a 24 hour hackathon where my responsibilities were:

- Bringing in large sponsors including GitHub and the TV advertising platform Amagi among others
- Raising about INR 200,000 worth of funds for Ayana and several goodies for the participants from the sponsors.
- Utilizing social media to succesfully market the hackathon and bring in participants from several colleges and companies in Bangalore.

Member of the Placement Committee at PESIT where my responsibilities were:

- Coordination and Invigilation of written tests which were required by several organizations to be administered to candidates.
- Handling hospitality for the hiring teams that arrived at college including coordinating lunch, snacks, etc.
- Coordinating interview logistics which included booking rooms for interviews, matching interviewees to interviews, etc.
